

IF YOU THINK
SLAVERY
IS BAD, CHECK OUT
WELFARE

- (1) More Actual Separation of Families from Welfare, unlike the Hollywood Version of Slavery, as Divorce was so rare back then, you needed a dictionary to lookup the meaning.
- (2) With More Welfare, there is More Disrespect from the Mother toward the Father.
- (3) Slavery increased the population and prosperity, but Welfare just fueled Crime and Abortion.
- (4) Slavery (*where both Free and Slave were a well-oiled machine working harmony with each other*) produced King Cotton, whereas, Welfare produced the Ghetto.
