QUESTION: When has Communism ever lived with Freedom of Speech and True Democracy?

ANSWER: Never. The Communists always have to *Learn The Hard Way*. E.g., Revolution, Declaring Independence, All-Out War against the Communists. E.g., cars, trucks, bombs, a Freedom Fighter behind every corner, force local police to chose sides, the total overthrow of puppet govt's and their leaders & sympathizers. Even tiny countries, with no guns, still found a way to overthrow vastly larger USSR communist armies.
