*The Right to
Defend Oneself*

BACKGROUND: What are the accomplishments of Sheriffs in Blue Democrat cities with 50+ years of high crime for the general public to trust their views on Constitutional Concealed Carry?

EXAMPLES: In Ultra Liberal Blue Democrat Orleans Parish, Louisiana, the local gov't and law enforcement leaders cannot even get their own police to live inside Orleans Parish. This, plus Blue Democrat Cities, have the worst crime rates and drag the Red States and the rest of America downward.

SUMMARY: If these Sheriffs cannot make their own Blue Democrat cities safe, why should anyone trust their political advice on Constitutional Concealed Carry by Law Abiding Citizens?
