

# How the Media, Gov't, and Hospitals *Mislead and MisInterpret* Covid19 Statistics

**GOG  
MATH  
MANIPULATION**

■ Fully Vaccinated  
■ Unvaccinated

CDC's Bar Chart of Vaccinated vs UnVaccinated

## ■ Fully Vaccinated (REAL WORLD ANALYSIS) *using the same data shown above*

$$\frac{0.04 \text{ Covid19 Death Incidence}}{21.4 \text{ Total Disease Incidence}} = 0.18691\% \text{ Fully Vaccinated Covid19 Death Incidence Rate}$$

$$100\% \text{ Total Incidences} - 0.18691\% \text{ Fully Vaccinated Covid19 Death Incidence Rate} = 99.813\% \text{ Fully Vaccinated Incidence Survival Rate}$$

## ■ Not Vaccinated (REAL WORLD ANALYSIS) *using the same data shown above*

$$\frac{0.96 \text{ Covid19 Death Incidence}}{178.6 \text{ Total Disease Incidence}} = 0.53751\% \text{ UnVaccinated Covid19 Death Incidence Rate}$$

$$100\% \text{ Total Incidences} - 0.53751\% \text{ UnVaccinated Covid19 Death Incidence Rate} = 99.462\% \text{ UnVaccinated Incidence Survival Rate}$$
