

Why trust the Mainstream Media's Election Polls?

- (1) when they doctored (via Hollywood Movie Editing), the George Floyd video footage and made a career criminal look like an angel?
- (2) when they mislead on Hillary's EMail and Benghazi?
- (3) when they promoted a completely made up New York Times 1619 project that had very little or no raw data (or supporting data) from 400 years ago?
- (4) when they smeared Justice Brett Kavanaugh with outrageous lies and fake accusers?
- (5) when they lied about Nick Sandman at a protest wearing a red MAGA cap?
- (6) when they say that ANTIFA and BLM protests are peaceful while there is smoke and fire in the background?
- (7) when they pushed Russian Collusion as well as Jussie Smollett Hate Hoax and also the Ukraine Phone Call Impeachment?
- (8) when they censored and misled the public on the use of HCQ+Zinc as a very effective against Covid19 while other countries sell it OTC and have great success?
- (9) when they completely lied about Breonna Taylor as an EMT Angel when she was a drug dealer.

In other words, why trust the Mainstream Media where Money (TV ratings) comes before Honesty?
