

FOLLOW THE MONEY 3.0

QUESTION

Who Fuels the Local Liberal Media that covers up Voter Fraud and allows corrupt Politicians to keep winning elections?

ANSWER

Isn't it the Conservatives who support the Local Advertisers of Local Media?

Conservatives are the ones who actually work and have "the money". Hence, Conservatives need to "follow-the-money" and realize that even their donations to even GOP political campaigns only ends up with the Local Leftist Media via political ads.

Thus, Conservatives need to defund the Local Media via boycotting their Local advertisers to get those same Local advertisers to switch to Conservative Local Media who will tell the truth on things like, (1) Covid Hype, (2) Masks Never Worked, (3) BLM and CRT Wokeness, (4) the LGBTQIA+ Agenda, and especially (5) Voter Fraud.
