

MAKE SENSE?

**PAPER
BALLOTS = CASH**

**VOTING
MACHINES = CRYPTO
CURRENCY**

POINT #1 - When dealing with *anonymity* and the secrecy of how you Vote, you can think of Paper Ballots as like **Cash**, while Voting Machines as like **Crypto Currency**.

POINT #2 - In regards to COUNTING,

A) Hand Count Ballots → Hand Count Cash

B) Machine Count Ballots → Vending Machine taking your money and then saying you still owe more.
