

Did someone scream **Racist?**

BACKGROUND:

We know that Eastern & Southern Blue Democratic Cities have very high Liberal Democrat voting patterns (e.g., Affordable Housing, Free Healthcare, Social Programs, etc.), and likewise a higher percentage of Black-to-White ratio population compared to other cities or the White suburbs.

Yet, we know that almost every Inner City Public and Charter School in Eastern & Southern Blue Democrat Cities are 99% Black.

TALK VERSUS ACTION:

Hence, those Whites screaming "*racist*" in Eastern & Southern Blue Democrat Cities clearly never send their kids to any of the 99% Black Inner City public/charter schools.
