

House Negro?

Millions of Clarence Thomas' and Uncle Tom's in America?

BACKGROUND INFO

Liberal Blacks like to call Justice Clarence Thomas a house negro or Uncle Tom because they are following the orders of their White Masters when they promote Conservative Values.

QUESTIONS

Q1 - Are the Blacks who moved from a Blue Democrat city into a neighboring Red Suburb "house negroes"?

Q2 - Are Blacks who still live in White America, after being Freed from Slavery and not returning to Africa, also a House Negro?

MORE ANALYSIS

Cannot the Whites in Red Suburbs say they are not racist and point to the fact they work side-by-side Red Suburb Blacks every day, and they get stuff done, and make Red Suburbs a safe place to live where things work; unlike Blue Democrat Cities like Detroit, Milwaukee, Philadelphia, Baltimore, Chicago, Minneapolis, and New Orleans where nothing works?

In other words, House Negro is just another name for American, while Black-American is just another name for Marxist/Socialist and Clueless.
