

# Epicurean Paradox ... debunked?

## **BACKGROUND**

Above is a partial flowchart of the Epicurean Paradox that shows it using YES and NO options.

## **DISCUSSION**

Just as you see in the flowchart above, can you have YES without NO? No, you cannot, as you must have both.

Hence, you can't (by definition) have Heaven without Hell. Good without Bad. Up without Down.

And YES without NO.

Moreover, what would the Purpose of Life be if there was no pain or suffering or Evil to overcome?

Hence, the Yes and No options of the Epicurean Paradox show you how The Bible and God is right, and written by God, not by Man.
