

# HOW CAN A GOD OF LOVE SEND PEOPLE TO HELL ?

## #1 - TRUE LOVE MEANS TRUE FREEDOM

Is it not said that, *If you Love someone, you must set them Free so they can Love you back?* And If God sets that person to be truly Free, shouldn't that person suffer the consequences of their choices to be Truly Free? Yet if not Truly Free, wouldn't that be like Slavery?

**#2 - DEFINITION** How can you define Love without Hate? Or define Heaven without Hell? Hence, there must both be a Heaven and a Hell.

**#3 - JOHN LENNON** Isn't his *Imagine* Song really Self-Contradicting as the place being described in the song with *No Heaven, No Hell, No Borders, No Possessions* is actually just a Re-Defined Heaven? Sort of like the phrase, "*Never say Never*" self-contradicts itself *twice*.
