

ISLAM

PEACE IN NAME ONLY? *Or Quranic Teachings*

Isn't the word "*Islam*" supposed to mean "*Submit to Allah (God) and you will have Peace*" when translated to English?

Yet, can someone name *any* examples of Islam being at peace (or Co-Existing peacefully) with other religions in Islam's 1,400-year history? For example, the Christian Crusades in 1095^{A.D.} were a counter-attack against the *Islamic Invasions* into Western Europe in 630^{A.D.} as most of the battles were in Spain, France, & Italy, not the Middle East.

Second, has Islam ever had peace with Israel even when the Jews and Jerusalem lived there thousands of years *before* Islam and Mohammad even existed?

Thirdly, hasn't Islam *always* been at war even with itself, e.g. Sunnis versus Shiites?
