

**WHAT IS
THE DEFINITION OF
ATHEISM?
(aka understanding Atheist Speak)**

OPTION A: No Evidence of God

OPTION B: Hate for God

*** Ever notice how Atheists say there is no Scientific Evidence of God, but then later go into Meltdown Mode and scream, “How can there be a God when there is so much pain and suffering in the World?”**

Put another way, when Atheists say there is no Evidence of God, they are really saying they Hate God for all the Pain and Suffering God has caused.
