

FRENCH FREEDOM CONVOY

WAR CRIMES

SOME HISTORY

In WW2, the Nazis, the Schutzstaffel (SS), the Gestapo, and even the German Media, were charged with War Crimes.

WARNINGS

Similarly, with the Endless Covid Mandates in France any French Police can be charge with War Crimes just like the Nazis were.

INSIGHTS

Hence, those French Police and Officials should know that while many Nazis tried to escape and hide after the war, the Free World had eyes and ears everywhere and eventually found the Nazis in hiding.

Similarly, any French Police committing War Crimes should not be surprised that the Peoples of Free World also have eyes and ears everywhere, including behind-the-lines and in the highest gov't offices. That is, who gave the order, who followed the order, payroll checks, rank, where they are from, smartphone videos, etc.
